The authors found that there is a systematic typographical error in several of the equations of the paper. On pages 484 and 485, in Eqs. (16), (18), (21), and (22), the term \( q_{atm}/q_{ice} \) should not be present. All numerical values, graphic curves, and conclusions based on these equations are still valid. The corrected equations are shown here.

\[
E_\delta = \Delta \eta \frac{V}{\nu L_s} \quad (16)
\]

\[
Sh = \Delta \eta \left[ k_1 Gr^{\phi_1} + k_2 Re^{\phi_2} Sc^{\phi_3} \right] \quad (18)
\]

\[
Sh = \Delta \eta \left[ 0.17 Gr^{1/2} + 1.23 \times 10^{-3} Re Sc^{1/2} \right] \quad (21)
\]

\[
E_\delta = \Delta \eta \left( \frac{D}{V} \right)^{1/4} \left[ 0.17 \left( \frac{D \Delta \rho}{g} \right)^{1/4} + 1.23 \times 10^{-3} V \right] \quad (22)
\]
